

# Webinar on A Primer on Cloud Infrastructure

6<sup>th</sup> Feb 2021

A Webinar on **A Primer on Cloud Infrastructure** was held on 6<sup>th</sup> Feb 2021 Gurukula Kangri Vishwavidyalaya Alumni Association in association with Department of Computer Science & Engineering, Faculty of Engineering & Technology (FET), Gurukula Kangri Haridwar. The webinar was addressed by key speaker Mr Akshay Mathur, Senior Software Development Engineer, Flipkart, Bangalore. The session was chaired by Dr Mayank Aggarwal, introducing the eminent speaker of the webinar, with the organizing committee member Mr. Aman Tyagi. Then Prof. Pankaj Madan (Dean, FET), welcomes the speaker with his kinds and motivational words. Around 180 participants had attended the webinar.

The webinar revolves around the key concepts of Cloud Applications in the present scenario, like on Gmail, Amazon, Flipkart, Facebook, Netflix etc how Cloud Computing can be integrated. As how technology based intelligent solutions can be designed. It has also been told about Oracle Cloud Infrastructure (OCI). What type of database/Data Models can be used with Cloud Computing like MongoDB, MYSQL, Redis etc. After the session the diverse questions had been asked by the participants, which the speaker Mr. Akshay Mathur answered and replied in a very knowledgeable way. The session is appreciated by all the participants saying it to be effective and knowledgeable in their further studies and research related work. At the end, Prof. Pankaj Madan (Dean, FET, Gurukula Kangri) concluded the session with his appreciated words for the speaker and briefing about how the Cloud Computing can be integrated with different other technologies.

A screenshot of a presentation slide titled "Cloud Applications". The slide contains a bulleted list of questions and a diagram. The diagram shows a "client" box sending a "Request" to a "Server" box, which then sends a "Response" back to the client. The server box is connected to a "Resources" box. Below the diagram is the text "Request-Response Communication Model". To the right of the diagram, there is a section titled "The impact is huge" with a list of activities: Buy books, clothes across the globe; Book a taxi; Book a train / plane ticket; Pay bills, transfer money; Learn across globe; Create your own videos and share knowledge. The slide is shown within a Beamer presentation window.

Cloud Infrastructure
